Precautions

⚠️ WARNINGS

To prevent injury or fire, take the following precautions:

- To prevent a short circuit, never put or leave any metallic objects (such as coins or metal tools) inside the unit.
- Do not watch or fix your eyes on the unit’s display when you are driving for any extended period.
- If you experience problems during installation, consult your KENWOOD dealer.

Precautions on using this unit

- When you purchase optional accessories, check with your KENWOOD dealer to make sure that they work with your model and in your area.
- You can select language to display menus, audio file tags, etc. See User Interface Setup (P.38).
- The Radio Data System or Radio Broadcast Data System feature won’t work where the service is not supported by any broadcasting station.

Protecting the monitor

- To protect the monitor from damage, do not operate the monitor using a ball point pen or similar tool with the sharp tip.

Cleaning the unit

- If the faceplate of this unit is stained, wipe it with a dry soft cloth such as a silicon cloth. If the faceplate is stained badly, wipe the stain off with a cloth moistened with neutral cleaner, then wipe it again with a clean soft dry cloth.

NOTE

- Applying spray cleaner directly to the unit may affect its mechanical parts. Wiping the faceplate with a hard cloth or using a volatile liquid such as thinner or alcohol may scratch the surface or erase screened print.

How To Reset Your Unit

- If the unit or the connected unit fails to operate properly, reset the unit. Press the <Reset> button. The unit returns to factory settings.

NOTE

- Disconnect the USB device before pressing the <Reset> button. Pressing the <Reset> button with the USB device connected can damage the data stored in the USB device. For how to disconnect the USB device, see Disconnect the USB device (P.15).
- When the unit is turned on after resetting, the Initial SETUP screen appears. See Initial setup (P.6).

How to read this manual

- The screens and panels shown in this manual are examples used to provide clear explanations of the operations. For this reason, they may be different from the actual screens or panels used, or some display patterns may be different.

- Indication language: English indications are used for the purpose of explanation. You can select the indication language from the SETUP menu. See User Interface Setup (P.38).

- Do not cut out the fuse from the ignition wire (red) and the battery wire (yellow). The power supply must be connected to the wires via the fuse.

⚠️ CAUTION

- Install this unit in the console of your vehicle. Do not touch the metal part of this unit during and shortly after the use of the unit. Metal part such as the heat sink and enclosure become hot.

NOTE

- Mounting and wiring this product requires skills and experience. For best safety, leave the mounting and wiring work to professionals.
- Make sure to ground the unit to a negative 12V DC power supply.
- Do not install the unit in a spot exposed to direct sunlight or excessive heat or humidity. Also avoid places with too much dust or the possibility of water splashing.
- Do not use your own screws. Use only the screws provided. If you use the wrong screws, you could damage the unit.
- If the power is not turned ON ("There is an error in the speaker wiring. Please check the connections." is displayed), the speaker wire may have a short-circuit or touched the chassis of the vehicle and the protection function may have been activated. Therefore, the speaker wire should be checked.
- If your car’s ignition does not have an ACC position, connect the ignition wires to a power source that can be turned on and off with the ignition key. If you connect the ignition wire to a power source with a constant voltage supply, such as with battery wires, the battery may be drained.
- If the console has a lid, make sure to install the unit so that the front panel will not hit the lid when closing and opening.
- If the fuse blows, first make sure the wires aren’t touching to cause a short circuit, then replace the old fuse with one with the same rating.
- Insulate unconnected wires with vinyl tape or other similar material. To prevent a short circuit, do not remove the caps on the ends of the unconnected wires or the terminals.
- Connect the speaker wires correctly to the terminals to which they correspond. The unit may be damaged or fail to work if you share the wires or ground them to any metal part in the car.
- When only two speakers are being connected to the system, connect the connectors either to both the front output terminals or to both the rear output terminals (do not mix front and rear). For example, if you connect the connector of the left speaker to a front output terminal, do not connect the connector to a rear output terminal.
- After the unit is installed, check whether the brake lamps, blinkers, wipers, etc. on the car are working properly.
- Do not press hard on the panel surface when installing the unit to the vehicle. Otherwise scars, damage, or failure may result.
- Reception may drop if there are metal objects near the Bluetooth antenna.

Installation procedure

1) To prevent a short circuit, remove the key from the ignition and disconnect the terminal of the battery.
2) Make the proper input and output wire connections for each unit.
3) Connect the wire on the wiring harness.
4) Take Connector B (accessory ⑧) on the wiring harness and connect it to the speaker connector in your vehicle.
5) Take Connector A (accessory ⑦) on the wiring harness and connect it to the external power connector on your vehicle.
6) Connect the wiring harness connector to the unit.
7) Install the unit in your car.
8) Reconnect the terminal of the battery.
9) Press the reset button.

Installing the unit

Non-Japanese cars (Except DMX5020S)

Bend the tabs of the mounting sleeve with a screwdriver or similar utensil and attach it in place.

NOTE
- Make sure that the unit is installed securely in place. If the unit is unstable, it may malfunction (e.g., the sound may skip).

Trim plate

1) Attach accessory ② to the unit.
Connection/Installation

- **Microphone unit**
  1) Check the installation position of the microphone (accessory ①).
  2) Clean the installation surface.
  3) Remove the separator of the microphone (accessory ①), and stick the microphone to the place shown below.
  4) Wire the microphone cable up to the unit with it secured at several positions using tape or other desired method.
  5) Adjust the direction of the microphone (accessory ①) to the driver.

![Fix a cable with a commercial item of tape.](image)

**NOTE**
- Swap the clips if necessary.

- **Removing the trim plate**
  1) Use the extraction key (accessory ④) to lever out the four tabs (two on the left part, two on the right part).
  2) Pull the trim plate forward.

![2) Pull the trim plate forward.](image)

**NOTE**
- Be careful to avoid injury from the catch pins on the extraction key.

- **Removing the unit (Except DMX5020S)**
  1) Remove the trim plate by referring to step 1 in ‘Removing the trim plate’.
  2) Insert the extraction key (accessory ⑨) deeply into the slot as shown. (The protrusion at the tip of the extraction key must face toward the unit.)
  3) With the inserted extraction key secured, insert the other extraction key into the slot.
  4) Pull out the unit halfway.
  5) Pull the unit all the way out with your hands, being careful not to drop it.

Troubleshooting

Problems and Solutions

If any trouble occurs, first check the following table for possible problems.

NOTE

• Some functions of this unit may be disabled by some settings made on this unit.
• What might seem to be a malfunction in your unit may just be the result of slight misoperation or miswiring.

About settings

• Cannot set up the subwoofer.
• Cannot set up subwoofer phase.
• No output from the subwoofer.
• Cannot set up the low pass filter.
• Cannot set up the high pass filter.
Subwoofer is not set to on.
▷ Set the subwoofer to on. See Speaker/X’over setup (P.41).

About audio operations

Radio reception is poor.
The car antenna is not extended.
▷ Pull out the antenna all the way.
The antenna control wire is not connected.
▷ Connect the wire correctly. See Connecting wires to terminals (P.50).

Cannot select a folder.
The random play function is enabled.
▷ Turn off the random function.

The sound skips when an audio file is being played.
The recording condition is bad.
▷ Record the file again or use another USB memory.

Other

The Touch Sensor Tone doesn’t sound.
The preout jack is being used.
▷ The Touch Sensor Tone cannot be output from the preout jack.

Error Messages

When you fail to operate the unit correctly, the cause of the failure appears as the message on the screen.

No Device (USB device)
The USB device is selected as a source although no USB device is connected.
▷ Change the source to any source other than USB. Connect a USB device, and change the source to USB again.

Disconnected (Bluetooth audio player)
The Bluetooth audio player is selected as a source although no Bluetooth audio player is connected.
▷ Change the source to any source other than Bluetooth. Connect an Bluetooth audio player, and change the source to Bluetooth again.

No Media file
The connected USB device contains no playable audio file. Media was played that doesn’t have data recorded that the unit can play.
▷ See Playable Media and Files (P.54) and try another USB device.
Troubleshooting

SiriusXM (Except DMX5020S)

Check Tuner
A SiriusXM tuner is not connected to this unit.
> Verify that the SiriusXM Connect Vehicle Tuner cable is securely connected to the radio.

Subscription Updated - Press Return To Continue
The SiriusXM subscription has been renewed.
> Touching [Return] on the popup screen will clear the message.

Channel *** Not Available
The currently selected channel is unavailable.
> Visit www.siriusxm.com for more information about the SiriusXM channel lineup.

Channel *** Not Subscribed / Call SiriusXM to Subscribe
The currently selected channel is not subscribed to.
> In the U.S.A., visit www.siriusxm.com or call 1-866-635-2349 if you have questions about your subscription package or would like to subscribe to this channel.
> In Canada, visit www.siriusxm.ca or call 1-877-438-9677.

Check Antenna
No antenna is connected to the SiriusXM tuner.
> Check that an antenna is connected to the SiriusXM tuner. Check antenna for damages.

No Signal
No SiriusXM radio signal is received.
> Verify that your vehicle is outdoors with a clear view of the sky.

Channel *** Locked / Please Enter the Lock Code _ _ _ _
The selected channel has been locked by the parental controls.
> Enter the unlock code when you are asked. See Parental Control (P.25)

Incorrect Pass Code entered
The selected channel is a mature or parental lock channel, and locked by the parental lock or user lock code.
> Enter the correct lock code.

FCC CAUTION
Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE

• This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

• This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  – Reorient or relocate the receiving antenna.
  – Increase the separation between the equipment and receiver.
  – Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  – Consult the dealer or an experienced radio/TV technician for help.
This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

■ IC (Industry Canada) Caution
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s).
Operation is subject to the following two conditions:
(1) This device may not cause interference
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

⚠️ CAUTION
This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

Software License on This Product

The software embedded in this product comprises a number of independent software components, each of which is copyrighted by JVCKENWOOD Corporation or by a third party.

This product uses software components that are based on an End-User License Agreement (hereinafter called “EULA”) stipulated by JVCKENWOOD Corporation and by third parties.

The EULA dictates the availability of the source codes of free-software components as a prerequisite to distributing them in executable form under the terms of the GNU General Public License or the Lesser General Public License (hereinafter called “GPL/LGPL”). To get information about the software components that are subject to the terms of the GPL/LGPL, please visit the following Website:

Website URL https://www2.jvckenwood.com/gpl/

Queries concerning the contents of the source code or the like will not be accepted.

Please note that software components based on an EULA that is not subject to the terms of the GPL/LGPL or those that have been developed or created by JVCKENWOOD Corporation will be excluded from the scope of source code disclosure.

Because licenses to use software components distributed under the GPL/LGPL are offered to the customers for free of charge, no warranty is granted to the customers, whether explicitly or implicitly, to the extent of the applicable laws.

Unless otherwise stipulated by the applicable laws or agreed upon in writing, the copyright holders or those who are entitled to modify and redistribute the software components are not held responsible for any and all damages resulting from their use or from inability to use them. For more information about the terms of use of the software components, required items of compliance and so on, please refer to the GPL/LGPL.

Customers wishing themselves to use a software component that is subject to the GPL/LGPL embedded in this product are encouraged to read the terms of the corresponding license before use. Because each individual license is prescribed by a third party other than JVCKENWOOD Corporation, the original (English) of the license is presented.

EULA

Software License Agreement

JVCKENWOOD Corporation (hereinafter called “Licensor”) holds either the copyright to the embedded software or the right to sublicense it. This agreement establishes the conditions under which the customer uses this “Licensed Software.”

The customer shall agree to the terms of this license agreement before proceeding to use Licensed Software.

This agreement is deemed to have taken effect when the customer (hereinafter called “User”) has used a product implementation of Licensed Software.

The Licensed Software may contain software Licensor has been licensed to use by third parties directly or indirectly. Some third parties may have terms of use prescribed for their customers, apart from this Software License Agreement. This agreement does not apply to such software. Be sure to consult “Important Notice on Software” as presented separately.

Article 1 (General)

Licensor grants to User a non-exclusive, non-assignable right of use Licensed Software within the country where the User purchases the Product (hereinafter the “Country”) (except for the exception provided for in Paragraph 1, Article 3).

Article 2 (Right of Use)

1. The rise of use granted under this agreement is the right to use Licensed Software in this product.

2. User may not duplicate, copy, modify, add to, translate or otherwise alter, or loan licensed Software and the associated literature in whole or in part.

3. Use of Licensed Software is limited to a private extent, and Licensed Software may not be distributed, licensed or sublicensed for any purposes whatsoever, including commercial use.

4. User shall use Licensed Software as per the instruction manual or instructions given in the help file and may not use or duplicate data in violations of the regulations of the Copyright Law or other governing laws by using Licensed Software in whole or in part.
Article 3 (Terms of License)
1. In assigning this product, User may not retain the original copy of the embedded Licensed Software (including associated literature, updates and upgrades) and any duplicates and associated literature with regard to the license to use Licensed Software. User may transfer Licensed Software only to the condition of binding the assignee to abide by the terms of this Software License Agreement.
2. User may not reverse-engineer, disassemble, decompile or otherwise analyze the source code of Licensed Software.

Article 4 (Rights to Licensed Software)
All rights to Licensed Software and the associated literature, including copyrights, shall reside with Licensor or the original right holder who has granted the Right of Use and right to sublicense to Licensor (hereinafter referred to as “Original Right Holder”), and User does not have any rights other than Right of Use granted hereunder with regard to Licensed Software and the associated literature.

Article 5 (Exemption Granted to Licensor)
1. Licensor and Original Right Holder do not assume any responsibility for damages caused to User or third parties resulting from the exercise by User of the license granted hereunder, unless otherwise provided by any law to the contrary.
2. Licensor does not warrant Licensed Software to be merchantable, compatible and fit for specific purposes.

Article 6 (Responsibility for Third Parties)
If disputes over the infringement of third parties’ intellectual property rights, such as copyrights and patent rights, arise out of the use of Licensed Software by User, User shall resolve these disputes at User’s own expenses while keep Licensor and Original Right Holder harmless.

Article 7 (Secrecy Obligation)
User shall keep confidential Licensed Software provided hereunder, information contained in the associated literature or the like and those provisions of this agreement not yet in public knowledge and may not disclose or leak these to third parties without prior written consent from Licensor.

Article 8 (Cancellation of the Agreement)
Licensor reserves the right to cancel this agreement forthwith and claim compensation from User for the damages caused by such cancellation when User:
(1) Breaches any of the provisions of this agreement, or
(2) Has received a petition for seizure, provisional seizure, provisional disposition or any other kind of compulsory execution.

Article 9 ( Destruction of Licensed Software)
If this agreement is terminated under the provision of the foregoing paragraph, User shall destroy Licensed Software, along with all associated literature and its duplicates, within two (2) weeks from the date of termination.

Article 10 (Copyright Protection)
1. Copyrights and all other intellectual property rights relating to Licensed Software shall reside with Licensor and Original Right Holder and in no circumstances with User.
2. User shall abide by the laws relating to copyrights and intellectual property rights in using Licensed Software.

Article 11 (Export Control)
1. Licensed Software and the associated literature or the like may not be exported to places outside the Country (including transmission outside the Country over the Internet or the like).
2. User agrees that Licensed Software is subject to export controls imposed by the Country and the United States of America.
3. User agrees to comply with all the international and domestic laws that apply to this software (U.S. Export Administration Regulations and regulations established by the U.S., the Country and their governmental agencies regarding usage by end users and export destinations).

Article 12 (Miscellaneous)
1. Even if this agreement is invalidated in part by law, all other provisions shall remain in effect.
2. Licensor and User shall consult each other in good faith to resolve any matters not provided for in this agreement or questions arising from the interpretation of this agreement.
3. Licensor and User agree that this agreement is governed by the law of Japan and that all disputes involving claims and obligations that may arise out of this agreement will be settled by arbitration at the Tokyo District Court as the court of first instance.

About the Quick start guide
This Quick Start Guide describes basic functions of this unit.
For detailed operations and information, refer to the INSTRUCTION MANUAL on the following website:
<https://www.kenwood.com/cs/ce/>

How to read this manual

- The screens and panels shown in this manual are examples used to provide clear explanations of the operations.
- For this reason, they may be different from the actual screens or panels used, or some display patterns may be different.

- **Indication language**: English indications are used for the purpose of explanation. You can select the indication language from the SETUP menu. See Instruction Manual.
Precautions

⚠️ WARNINGS

■ To prevent injury or fire, take the following precautions:
  • To prevent a short circuit, never put or leave any metallic objects (such as coins or metal tools) inside the unit.
  • Do not watch or fix your eyes on the unit’s display when you are driving for any extended period.
  • If you experience problems during installation, consult your KENWOOD dealer.

■ Precautions on using this unit
  • When you purchase optional accessories, check with your KENWOOD dealer to make sure that they work with your model and in your area.
  • You can select language to display menus, audio file tags, etc. See Instruction Manual.
  • The Radio Data System or Radio Broadcast Data System feature won’t work where the service is not supported by any broadcasting station.

■ Protecting the monitor
  • To protect the monitor from damage, do not operate the monitor using a ball point pen or similar tool with the sharp tip.

■ Cleaning the unit
  • If the faceplate of this unit is stained, wipe it with a dry soft cloth such as a silicon cloth. If the faceplate is stained badly, wipe the stain off with a cloth moistened with neutral cleaner, then wipe it again with a clean soft dry cloth.

NOTE
  • Applying spray cleaner directly to the unit may affect its mechanical parts. Wiping the faceplate with a hard cloth or using a volatile liquid such as thinner or alcohol may scratch the surface or erase screened print.

Connection/Installation

Before Installation

Before installation of this unit, please note the following precautions.

⚠️ WARNINGS

- If you connect the ignition wire (red) and the battery wire (yellow) to the car chassis (ground), you may cause a short circuit, that in turn may start a fire. Always connect those wires to the power source running through the fuse box.
- Do not cut out the fuse from the ignition wire (red) and the battery wire (yellow). The power supply must be connected to the wires via the fuse.

⚠️ CAUTION

- Install this unit in the console of your vehicle. Do not touch the metal part of this unit during and shortly after the use of the unit. Metal part such as the heat sink and enclosure become hot.

NOTE

- Mounting and wiring this product requires skills and experience. For best safety, leave the mounting and wiring work to professionals.
- Make sure to ground the unit to a negative 12V DC power supply.
- Do not install the unit in a spot exposed to direct sunlight or excessive heat or humidity. Also avoid places with too much dust or the possibility of water splashing.
- Do not use your own screws. Use only the screws provided. If you use the wrong screws, you could damage the unit.
- If the power is not turned ON ("There is an error in the speaker wiring. Please check the connections." is displayed), the speaker wire may have a short-circuit or touched the chassis of the vehicle and the protection function may have been activated. Therefore, the speaker wire should be checked.
- If your car’s ignition does not have an ACC position, connect the ignition wires to a power source that can be turned on and off with the ignition key. If you connect the ignition wire to a power source with a constant voltage supply, such as with battery wires, the battery may be drained.
- If the console has a lid, make sure to install the unit so that the front panel will not hit the lid when closing and opening.
- If the fuse blows, first make sure the wires aren’t touching to cause a short circuit, then replace the old fuse with one with the same rating.
- Insulate unconnected wires with vinyl tape or other similar material. To prevent a short circuit, do not remove the caps on the ends of the unconnected wires or the terminals.
- Connect the speaker wires correctly to the terminals to which they correspond. The unit may be damaged or fail to work if you share the \( \Omega \) wires or ground them to any metal part in the car.
- When only two speakers are being connected to the system, connect the connectors either to both the front output terminals or to both the rear output terminals (do not mix front and rear). For example, if you connect the \( + \) connector of the left speaker to a front output terminal, do not connect the \( - \) connector to a rear output terminal.
- After the unit is installed, check whether the brake lamps, blinkers, wipers, etc. on the car are working properly.
- Do not press hard on the panel surface when installing the unit to the vehicle. Otherwise scars, damage, or failure may result.
- Reception may drop if there are metal objects near the Bluetooth antenna.

### Installation procedure

1. To prevent a short circuit, remove the key from the ignition and disconnect the terminal of the battery.
2. Make the proper input and output wire connections for each unit.
3. Connect the wire on the wiring harness.
4. Take Connector B (accessory 8) on the wiring harness and connect it to the speaker connector in your vehicle.
5. Take Connector A (accessory 7) on the wiring harness and connect it to the external power connector on your vehicle.
6. Connect the wiring harness connector to the unit.
7. Install the unit in your car.
8. Reconnect the terminal of the battery.
9. Press the reset button.

### Installing the unit

#### Non-Japanese cars (Except DMX5020S)

Bend the tabs of the mounting sleeve with a screwdriver or similar utensil and attach it in place.

**NOTE**
- Make sure that the unit is installed securely in place. If the unit is unstable, it may malfunction (e.g., the sound may skip).

#### Japanese cars

#### Trim plate

1. Attach accessory 2 to the unit.
**Microphone unit**

1) Check the installation position of the microphone (accessory ①).
2) Clean the installation surface.
3) Remove the separator of the microphone (accessory ①), and stick the microphone to the place shown below.
4) Wire the microphone cable up to the unit with it secured at several positions using tape or other desired method.
5) Adjust the direction of the microphone (accessory ①) to the driver.

![Diagram of Microphone Unit Installation](image)

*NOTE*
- Swap the clips if necessary.

**Removing the unit (Except DMX5020S)**

1) Remove the trim plate by referring to step 1 in `'Removing the trim plate'`.
2) Insert the extraction key (accessory ⑨) deeply into the slot as shown. (The protrusion at the tip of the extraction key must face toward the unit.)
3) With the inserted extraction key secured, insert the other extraction key into the slot.
4) Pull out the unit halfway.

![Diagram of Unit Removal](image)

*NOTE*
- Be careful to avoid injury from the catch pins on the extraction key.

5) Pull the unit all the way out with your hands, being careful not to drop it.

Please note that software components based on an EULA that is not subject to the terms of the GPL/LGPL or those that have been developed or created by JVCKENWOOD Corporation will be excluded from the scope of source code disclosure.

Because licenses to use software components distributed under the GPL/LGPL are offered to the customers for free of charge, no warranty is granted to the customers, whether explicitly or implicitly, to the extent of the applicable laws.

Article 1 (General)

Licensor grants to User a non-exclusive, non-assignable right of use Licensed Software within the country where the User purchases the Product (hereinafter the "Country") (except for the exception provided for in Paragraph 1, Article 3).

Article 2 (Right of Use)

1. The rise of use granted under this agreement is the right to use Licensed Software in this product.

2. User may not duplicate, copy, modify, add to, translate or otherwise alter, or loan licensed Software and the associated literature in whole or in part.

3. Use of Licensed Software is limited to a private extent, and Licensed Software may not be distributed, licensed or sublicensed for any purposes whatsoever, including commercial use.

4. User shall use Licensed Software as per the instruction manual or instructions given in the help file and may not use or duplicate data in violations of the regulations of the Copyright Law or other governing laws by using Licensed Software in whole or in part.

Software License Agreement

JVCKENWOOD Corporation (hereinafter called "Licensor") holds either the copyright to the embedded software or the right to sublicense it. This agreement establishes the conditions under which the customer uses this "Licensed Software."

The customer shall agree to the terms of this license agreement before proceeding to use Licensed Software.

This agreement is deemed to have taken effect when the customer (hereinafter called "User") has used a product implementation of Licensed Software. The Licensed Software may contain software Licensor has been licensed to use by third parties directly or indirectly. Some third parties may have terms of use prescribed for their customers, apart from this Software License Agreement. This agreement does not apply to such software. Be sure to consult "Important Notice on Software" as presented separately.

Article 1 (General)

Licensor grants to User a non-exclusive, non-assignable right of use Licensed Software within the country where the User purchases the Product (hereinafter the "Country") (except for the exception provided for in Paragraph 1, Article 3).

Article 2 (Right of Use)

1. The rise of use granted under this agreement is the right to use Licensed Software in this product.

2. User may not duplicate, copy, modify, add to, translate or otherwise alter, or loan licensed Software and the associated literature in whole or in part.

3. Use of Licensed Software is limited to a private extent, and Licensed Software may not be distributed, licensed or sublicensed for any purposes whatsoever, including commercial use.

4. User shall use Licensed Software as per the instruction manual or instructions given in the help file and may not use or duplicate data in violations of the regulations of the Copyright Law or other governing laws by using Licensed Software in whole or in part.
Article 3 (Terms of License)
1. In assigning this product, User may not retain the original copy of the embedded Licensed Software (including associated literature, updates and upgrades) and any duplicates and associated literature with regard to the license to use Licensed Software. User may transfer Licensed Software only to the condition of binding the assignee to abide by the terms of this Software License Agreement.
2. User may not reverse-engineer, disassemble, decompile or otherwise analyze the source code of Licensed Software.

Article 4 (Rights to Licensed Software)
All rights to Licensed Software and the associated literature, including copyrights, shall reside with Licensor or the original right holder who has granted the Right of Use and right to sublicense to Licensor (hereinafter referred to as "Original Right Holder"), and User does not have any rights other than Right of Use granted hereunder with regard to Licensed Software and the associated literature.

Article 5 (Exemption Granted to Licensor)
1. Licensor and Original Right Holder do not assume any responsibility for damages caused to User or third parties resulting from the exercise by User of the license granted hereunder, unless otherwise provided by any law to the contrary.
2. Licensor does not warrant Licensed Software to be merchantable, compatible and fit for specific purposes.

Article 6 (Responsibility for Third Parties)
If disputes over the infringement of third parties’ intellectual property rights, such as copyrights and patent rights, arise out of the use of Licensed Software by User, User shall resolve these disputes at User’s own expenses while keep Licensor and Original Right Holder harmless.

Article 7 (Secrecy Obligation)
User shall keep confidential Licensed Software provided hereunder, information contained in the associated literature or the like and those provisions of this agreement not yet in public knowledge and may not disclose or leak these to third parties without prior written consent from Licensor.

Article 8 (Cancellation of the Agreement)
Licensor reserves the right to cancel this agreement forthwith and claim compensation from User for the damages caused by such cancellation when User:
1. Breaches any of the provisions of this agreement, or
2. Has received a petition for seizure, provisional seizure, provisional disposition or any other kind of compulsory execution.

Article 9 (Destruction of Licensed Software)
If this agreement is terminated under the provision of the foregoing paragraph, User shall destroy Licensed Software, along with all associated literature and its duplicates, within two (2) weeks from the date of termination.

Article 10 (Copyright Protection)
1. Copyrights and all other intellectual property rights relating to Licensed Software shall reside with Licensor and Original Right Holder and in no circumstances with User.
2. User shall abide by the laws relating to copyrights and intellectual property rights in using Licensed Software.

Article 11 (Export Control)
1. Licensed Software and the associated literature or the like may not be exported to places outside the Country (including transmission outside the Country over the Internet or the like).
2. User agrees that Licensed Software is subject to export controls imposed by the Country and the United States of America.
3. User agrees to comply with all the international and domestic laws that apply to this software (U.S. Export Administration Regulations and regulations established by the U.S., the Country and their governmental agencies regarding usage by end users and export destinations).

Article 12 (Miscellaneous)
1. Even if this agreement is invalidated in part by law, all other provisions shall remain in effect.
2. Licensor and User shall consult each other in good faith to resolve any matters not provided for in this agreement or questions arising from the interpretation of this agreement.

KENWOOD LIMITED WARRANTY FOR CAR STEREO COMPONENTS

HOW LONG THE WARRANTY LASTS: This warranty issued by JVCKENWOOD USA Corporation ("Kenwood") warranties this product for a period of one (1) year from the date of original purchase for the material and workmanship in Kenwood car stereo components.

WHAT IS COVERED AND WHAT IS NOT COVERED

Except as specifically set forth below, this warranty covers all defects in material and workmanship in a Kenwood car stereo component. The following are not covered by this warranty:

1. Any product which is not distributed in the U.S.A. by Kenwood or which is not purchased in the U.S.A. from an authorized Kenwood dealer, unless the product is purchased through the U.S.A. Military Exchange or a Direct Factory Sale.

2. Any product which has been subject to accident, misuse, abuse, neglect, abnormal operation, improper maintenance or operation, or any commercial use, unless the product is a Direct Factory Sale.

3. Any product which has been altered or modified in any way, including the use of non-Kenwood accessories.

4. Any product which has had the serial number replaced or removed.

5. Any product which has been shipped out of the United States for which no valid warranty return authorization has been issued by Kenwood.

6. A product which is excluded by any extended warranty program or plan that may be offered by the seller, Kenwood, or by any authorized Kenwood service center.

HOW TO OBTAIN WARRANTY SERVICE: If your Kenwood product ever needs service:

1. Take it to any authorized Kenwood service center in the U.S.A. along with & complete description of the problem. (If you are uncertain as to whether a Service Center is authorized, please call 1-800-448-4300 to reach the nearest authorized service center.)

2. All repairs which are necessary due to shipping charges if it is necessary to ship the product for warranty service, we will pay the return shipping charges if the repairs are covered by the warranty within the United States.

3. Where your unit has been sent or sent for service, you must include a copy of the original retail sales receipt as part of your warranty coverage.

LIMITATION OF IMPLIED WARRANTIES: ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE LENGTH OF THIS WARRANTY.

EXCLUSION OF DAMAGES: KENWOOD'S LIABILITY FOR ANY DEFECTIVE PRODUCT IS LIMITED TO REPAIR OR REPLACEMENT OF THE PRODUCT AT OUR OPTION. KENWOOD SHALL NOT BE LIABLE FOR:

1. INSTALLATION OR REMOVAL CHARGES.

2. DAMAGE TO OTHER PROPERTY CAUSED BY ANY DEFECTS IN KENWOOD CAR STEREO COMPONENTS, DAMAGES BASED UPON INCONVENIENCE, LOSS OF USE OF THE PRODUCT, OR

3. ANY OTHER DAMAGES WHETHER INCIDENTAL OR CONSEQUENTIAL RESULTING FROM THE USE OF THE PRODUCT, OR FROM ITS INABILITY TO PERFORM OR FROM ITS FAILURE TO PERFORM.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

EXCEPTIONS TO THE WARRANTY

1. Damage caused by accident, misuse, abuse, neglect, unauthorized modification or failure to follow instructions supplied with the product.

2. Headphone drivers.

Kenwood reserves the right to modify this warranty without advance notice. As a result, the warranty you obtain may differ from the warranty described herein.
